## **JoDog Sport, Inc. Receives Patent for the XTend-A-Step®**

Jo Dog® Sport, Inc. inventor and manufacturer of the XTend-A-Step®, has received a Utility Patent for the Telescoping Truck Utility Step from the US Patent Office.

Reno, NV, February 25, 2010

The US Patent Office on December 22, 2009, issued the Utility Patent #7,635,247 for the XTend-A-Step®. In a timely move, the Registered Marks for the product and the company were also issued.

The XTend-A-Step® is an innovative step that plugs into a 2" hitch receiver. The dual feature step provides a stair step in/out of the truck bed when the tailgate is down allowing easy access to the bed of the truck. When not in use it compresses and stores in the hitch receiver sporting a safe bumper step. Three models are available: XT 1100 Base Step, XT 2100 Standard Step (full brake light system), & XT 3100 LED Step (full brake light system).

JoDog Sport, Inc. provides products, services, and training that promotes the safest working environment possible. Our goal is to help businesses create safer and more productive workplaces while reducing their bottom line costs.
